Digital Contract Lifecycle Management

**Complete the workload of days in minutes and
get clarity on all your contracts.**

**Save time – get
approvals faster**

**Simple & save
contract management**

**Monitor important
contract KPIs**

proCONTRACTS just makes
contract management easier

With our **360-degree approach** proCONTRACTS is integrated in your business processes. Make your contracts visible to gain clarity of who, what, when and how. You'll be able to create, manage and analyze all types of contracts. to give you **clarity on all contracts** and meta data. You'll be able to **detect and analyze risks** displayed in dashboards. Don't pay for contracts you no longer need, because you'll **never miss a deadline** again.

Enhance proCONTRACTS with our functional and industry-specific add-ons like proCONTRACTS | Beverage and proCONTRACTS | AI.

Designed for Dynamics 365

You are in good company:

★**Heineken**®   **BerGenBio**   **EMS**   **Munich RE**

Features supporting you along the contract lifecycle:

Configurator
Build complicated contracts in minutes. The template-based configurator allows for simple management of all contract contents. Or use the rule-based document templates with AI.

Checklist
As a self-service tool, the checklist will help you to clarify important questions before signing the contract. Reduce the number of interaction needed, making the process more efficient.

Risk detection
Mitigate risks in the face of changing framework conditions to easily maintain or evolve agreements. Detect contracts that need action with integrated risk scoring immediately.

Redlining
Collaborate more quickly to get everyone on the same page. Content of the contract to be in negotiation can be completely revised with the contract parties.

More features

proCONTRACTS is where your data is

- ✓ All data stored directly in Dynamics 365
